1. Large extensions are to be carried out in the course of 1949 to the "Galenika" and "Pliva" works in Zagreb for the manufacture of medical instruments and sanitary articles.
2. Work on the erection of four new buildings is to start in the spring of 1949 at the "Pliva" factory.
3. "Pliva" and "Galenika" are to be equipped with modern equipment ordered from Switzerland and will be grouped with the "Sava" rubber articles factory to form a single production center once the new equipment has been installed.
